

E-signature changes for New York

Earlier this year, due to Covid-19 and the increased need for remote working, New York issued a state of emergency that allowed us to offer e-signature for new annuity business in that state. This state of emergency is set to end on October 7th, 2020.

- We'll still be able to accept e-signature on replacement applications in the state of New York after October 7th, but all replacement forms will need a wet signature.
- We'll also accept e-signature on non-replacement applications, but will need a wet signature on the Definition of Replacement Form.
