Assurity®

Easy E-Signature Process on requirements for activation

Effective October 1st on qualifying Century+ Disability Income Insurance policies, including tele-apps, your clients can now electronically sign all necessary requirements without having to wait for the mail.

Qualifying policies must include:

- Email addresses for all signers
- Initial premium received or authorization given to draft initial premium
- Applicant is not in ME, NM, NY, WV

In this new process, information is sent to the email address provided on your clients' application. They can then review, accept, and sign delivery forms via DocuSign and return them to Assurity. Within a few days the policy is activated, and a physical copy sent following regular mailing preferences.

If a client declines to sign electronically, the policy will go back through normal mailing channels for delivery and wet signature. You may also choose to opt out of this time-saving process by contacting the New Business Customer Connections department.

Our new e-requirement capabilities give you a faster, easier way to put policies in force and into your clients' hands. If you have any questions, please call the New Business Contact

Center at 800-276-7619, Ext. 4264.
