

# Helping clients access the underwriting data they need

Nationwide® is committed to supporting your clients throughout their life insurance application process. Part of that commitment is sharing the digital tools and resources Nationwide uses to make underwriting decisions. Here's a list of the vendors we work with to obtain prescription histories, medical information, and more. Their reports, which go back seven years, are available within 60 days of the close of underwriting at no cost.

As a consumer under the Fair Credit Reporting Act (FCRA), you have the right to dispute the accuracy or completeness of the information used by contacting the report supplier.

## Vendors

### **CRL: Clinical Reference Laboratory** (insurance lab results)

If results are available on accessmyhealth, the applicant will receive a text message when the results are available (if the correct phone number was on the lab slip). If they are not available, the applicant can complete the request form on CRLCorp.com and follow the directions on the form to request a copy of their results.
