

## **Connecticut allows “non-permanent” chronic illness conditions to qualify and receive benefits with the Accelerated Access Solution® rider**

Effective October 02, 2017, Connecticut will allow both permanent and “non-permanent” chronic illness conditions to qualify\* for benefits when using the Accelerated Access Solution rider. Previously, in CT, a condition had to be permanent in order to qualify as a chronic illness. This will be a positive change for applicants, providing more opportunity to receive living benefits from their policy through the Accelerated Access Solution rider.

New Connecticut Accelerated Access Solution – Rider form # ICC15-15600

### **New Connecticut Accelerated Access Solution (AAS) Transition Rules for Secure Lifetime GUL 3, Max Accumulator+, Value+ Protector and Platinum Choice VUL 2 :**
