A New Way to Attract and Educate Your Customers

Most people have an idea about how they'd like to spend their retirement. But when it comes to understanding how a long-term care event could impact those goals, all too often we see a disconnect. That's why we're excited to announce a new digital tool designed to attract and educate customers on the benefits of long-term care products from OneAmerica®.

In the coming weeks, we'll be launching an interactive site designed to help customers make the connection between long-term care and their vision for retirement. This tool can be easily shared with your customers to empower them to make informed decisions about what products are right for them, even if they're just beginning to explore long-term care possibilities.

We're excited for you to see what's coming. Stay tuned to learn more!
