

SecureCare competitive comparison

See where SecureCare ranks #1 in compound inflation scenarios

The following hypothetical examples are for illustrative purposes only. Each table compares Securian's hybrid SecureCare Universal Life/LTC policy to policies from Lincoln Financial Group, Nationwide Life Insurance Company and Pacific Life Insurance Company.

The comparisons also emphasize why it's so important to start discussing long-term care (LTC) with your clients earlier in life. Younger clients typically have better chances of being approved for coverage, and they can potentially receive a higher initial face amount and LTC benefits.

SecureCare is a single premium universal life policy with tax qualified long-term care benefits that cover care such as nursing care, home and community based care, and informal care as defined in this policy. This policy provides for the payment of a monthly benefit for qualified long-term care services. This policy also provides an accelerated death benefit for terminal illness. This policy is intended to provide tax qualified long-term care insurance benefits under Section 7702B and tax-free accelerated death benefits for terminal illness under Section 101(g) of the Internal Revenue Code, as amended. However, due to uncertainty in the tax law, benefits paid under this policy may be taxable. Please ensure that your clients consult a tax advisor regarding long-term care benefit payments, terminal illness benefit payments, or when taking a loan or withdrawal from a life insurance contract.
