

**To our Distribution Partners:**

Please note this correction to yesterday's email. The previous email had stated that Thrivent's 5 Year Rate Guarantee was available in Florida. However, it is not. That is outlined in the disclaimers in the Florida Consumer Brochure (linked below, but not included in the original email). The rate guarantee bullet point has been removed from the content below. We have also updated the State Variations Chart linked in the button below to reflect this clarification.

Please let us know if you have any questions.

Thank you,

Melanie Hertz  
Head of Brokerage Sales & Business Development
